At the highest level, everyone knows what offense is being run and how to break it down. This is where it comes down to 1v1 out of the action, 2v2 and 3v3.

3 Phrases of Offense:

Phrase 1 (Transition) = On any score or stop, get the ball up the floor as fast as possible. Does not like to walk the ball up the court. Aim is to get cheap baskets.

Phrase 2 (Secondary) = If can't get a fast break score, we go into organised transition or 'secondary offense' - this could consist of many different 'actions'. At Elite Academy, we call these actions 'triggers.'

Phrase 3 (Dead Ball) = Time-Outs, Fouls, Substitutions. This is when we run a set play. Never want to come down the floor and run a set play if it's not a dead ball - look for the easier options to score.

When in Phrase 2, the actions that are run are various 2v2 and 3v3 scenarios. This is the topic of this clinic, otherwise known as the '2 Man and 3 Man Game.'
